CNOR Extension Year

Active CNOR certificants who do not complete their CE or points activities between January 1, 2019 – December 31, 2023, may choose to apply for a CNOR Extension Year. This allows the nurse to use points and CE earned between January 1, 2019 – December 31, 2024, to meet recertification requirements and apply for recertification in 2025. An application for CNOR Extension Year is required between January 1 – December 31, 2024.

Emeritus Status – Retire Your Credential

Transferring out of the OR, retiring, or ineligible to recertify? Perioperative nurses may choose to preserve their CNOR credential by applying for Emeritus Status. The CNOR(E) credential recognizes the nurse’s service and commitment to the perioperative profession. A one-time application for Emeritus Status is required between January 1 – December 31, 2024.

6 Begin Next 5-Year Cycle

Upon successful recertification, your new five-year accrual period begins immediately.

Important note: recertification by points will be the only method available during your next accrual period.
